JOINT STATUS REPORT

Pursuant to the Court’s April 30, 2025, Order, the parties submit the following joint status report in these consolidated cases.

1. Petitioners seek review of EPA’s “Procedures for Chemical Risk Evaluation Under the Toxic Substances Control Act,” 89 Fed. Reg. 37028 (May 3, 2024) (“2024 Rule”). The 2024 Rule was promulgated pursuant to the 2016 Amendments to the Toxic Substances Control Act (“TSCA”) and revised certain provisions of a 2017 rule issued by EPA under the first Trump Administration.

2. On April 30, 2025, the Court granted EPA's motion to hold these consolidated petitions for judicial review in abeyance, pending notice-and-comment rulemaking to revisit and reconsider the 2024 Rule.

3. EPA has advised the parties that it is very close to releasing proposed revisions to the 2024 Rule and intends to publish a proposal as expeditiously as practicable.

4. The parties will provide another status report in 90 days.
